

At Race Leys, the curriculum between subjects is linked in order to support children with their understanding of the need to apply skills they are taught in certain subjects and also to allow them to see the connections between learning.

The core literacy spine is informed by high quality, challenging texts which are linked to curriculum themes in each year group.

Children will be exposed to, and learn a number of other fiction, non-fiction and poetry throughout the year, which is also linked to the year themes.
